- ❖ Tradition of excellence, mutual respect, inclusion and strong ties to the community
- ❖ Programming for Apprenticeship, Workplace, College and University pathways
- ❖ Regional French Immersion Program
- ❖ Regional ASD Program
- ❖ Strong extracurricular program including arts, athletics and a wide variety of clubs

More about Streetsville:

Streetsville Secondary School is a vibrant learning community of students, parents, teachers, support staff and community members dedicated to working collaboratively to ensure student success. Since opening in 1958, the school has established a long-standing tradition of educational excellence.

A positive educational experience for all students is maximized through our diverse programming, resources, technology, extra-curriculars and our extensive support of all students.

The school's regional French Immersion program was introduced in September 2005. Students study français, géographie, sciences, histoire, éducation à la citoyenneté, exploration des choix de carrières, histoire du monde and le Canada et le monde: Une analyse géographique.

In addition, Streetsville Secondary is one of the sites for the Secondary Regional Communications Program – Autism Spectrum Disorder (ASD). This program provides students identified with ASD with specialized learning and technological support.

Streetsville Secondary School encourages all students to become "Tigers" and get involved in the many co-curricular programs, clubs and athletic teams that exist in our school community.
