SAFE AND ACCEPTING SCHOOLS

Statement of Policy

The Peel District School Board is committed to providing and maintaining safe, inclusive and accepting environments conducive to learning and working for all. The Board recognizes that a positive climate for learning and working is essential for student achievement and well-being. A whole school approach to creating a positive climate for learning and working requires a shared commitment amongst all stakeholders in a school. To maintain and improve student success and achievement, we must ensure that students continue to feel safe, nurtured, welcomed, respected and included.

The Peel District School Board’s commitment to providing a supportive and safe environment must be one that changes to meet the needs of students, respects differences, prioritizes student well-being, and provides opportunities for all students to succeed. Learning and working environments should be free of negative factors such as abuse, bullying (including cyberbullying), harassment, discrimination, intimidation, hateful words and actions, and physical violence, in any form. They must also endeavour to be responsive to the diversity, cultural and individualized needs of students. Environments must clearly demonstrate respect for social justice and human rights, and promote the values needed to develop responsible members of a democratic society.

This shall be achieved by establishing and maintaining high expectations for behaviour, while offering a program that emphasizes early, ongoing and proactive practices and supports. Appropriate programs and supports include, but are not limited to, promoting healthy relationships and well-being, responsive and inclusive learning culture and environments, mentorship programs, equity and inclusive education, culturally responsive pedagogy, student leadership, bullying prevention and intervention, conflict prevention and intervention, restorative mindset and practices, character development and education, counseling and the inclusion of social emotional learning in the curriculum. The Peel District School Board also supports the use of a continuum of developmentally appropriate and supportive progressive discipline strategies, including suspension and expulsion where necessary, as corrective, supportive consequences for inappropriate behaviour.

This policy is aligned with and supports the principles and expectations of the Board’s Human Rights policy (Policy 51) and the Equity and Inclusive Education policy (Policy 54). At all times, this policy should be interpreted to be consistent with the Board’s policies and the Ontario Human Rights Code, the Municipal Freedom of Information and Protection of Privacy Act, the Accessibility for Ontarians with Disabilities Act, and the Education Act and regulations made under the Education Act.

The Safe and Accepting Schools policy is aligned with Ministry of Education strategies and initiatives as outlined in Caring and Safe Schools in Ontario: Supporting Students with Special Education Needs through Progressive Discipline, Kindergarten to Grade 12, 2010; Ontario’s Equity and Inclusive Education Strategy, 2009; Ontario’s Education Equity Plan (2017); the Anti-Racism Directorate’s anti-racism strategic plan A Better Way Forward (2017); Ontario First Nation, Métis, and Inuit Education Policy Framework, 2007; and English Language Learners: ESL [English as Second Language] and ELD [English Literacy Development] Programs and Services, 2007.
The Safe and Accepting Schools policy is also aligned with and supports the principles and expectations of the Board’s Digital Citizenship policy (Policy 78), which defines the norms of responsible behaviour related to the appropriate use of technology, as outlined in each school’s Code of Conduct.

The Safe and Accepting Schools policy authorizes the creation of procedures for implementation, which might include issues described in Ministry of Education Policy/Program Memoranda as matters of policy. Any such procedures shall be considered guidelines pursuant to the Education Act and other relevant and/or related Ministry of Education materials and sufficient for the purposes of implementing the requirements of Ministry of Education Policy/Program Memoranda.

The Safe Schools Policy is divided into seven sections:

A. Peel District School Board’s Code of Conduct
B. Progressive Discipline / Suspensions / Expulsions
C. Bullying Prevention and Intervention
D. Superintendent Transfer
E. Appropriate Dress
F. Formal Dress – School Uniforms
G. Access to School Premises

Many aspects of society contribute to the development of values, attitudes and behaviours. The Peel District School Board fully recognizes that it shares responsibility within society to develop respect for social justice and human rights. Active and engaged citizens are aware of their rights, but more importantly, they accept responsibility for protecting their rights and the rights of others. B. PROGRESSIVE DISCIPLINE

To create a safe, nurturing, welcoming, respectful and inclusive climate for learning and working, the Peel District School Board promotes the use of early, ongoing and proactive positive and restorative practices. As outlined in the Safe and Accepting Schools procedures, all stakeholders are required to support appropriate student behaviours and promote an environment for learning and working, in which every student can achieve to the best of his/her ability.

The Provincial Code of Conduct, the Peel District School Board Code of Conduct, the Education Act, Ontario Regulations 472/07 and 181/98, Policy/Program Memorandums (PPMs):

• 119 – Developing and Implementing Equity and Inclusive Education Policies in Ontario Schools,
• 128 - The Provincial Code of Conduct and School Board Codes of Conduct,
• 141 - School Board Programs for Students on Long-Term Suspension,
• 142 - School Board Programs for Expelled Students,
• 144 - Bullying Prevention and Intervention,
• 145 - Progressive Discipline and Promoting Positive Student Behaviour,

The Education Act and the Board’s Digital Citizenship policy (Policy 78), together with the Board’s discipline policies and procedures and school’s Code of Conduct, create expectations for behaviour for all persons on school property, and outline strategies to be taken to reduce incidents and impose appropriate consequences for students. The Ontario Human Rights Code has primacy over provincial legislation and school board policies and procedures, such that the Education Act, regulations, Ministry of Education Program/Policy Memoranda. Board policies and procedures are subject to, and shall be interpreted and applied in accordance with the Ontario Human Rights Code, the Municipal Freedom of Information and Protection of Privacy Act, the Accessibility for Ontarians with Disability Act, and the Board’s Equity and Inclusive Education policy (Policy 54).

Pursuant to the Education Act, principals are required to maintain proper order and discipline in schools, and students are responsible to the principal for their conduct and are required to accept such discipline as would be exercised by a reasonable, kind, firm and judicious parent. A principal may delegate some disciplinary responsibilities to a vice-principal and/or teacher of the school in accordance with the Education Act, Ministry of Education policies and Board procedures. In such circumstances, the delegation of authority and the authority delegated shall be clearly identified in Peel District School Board procedures, as shall the supports available to individuals in receipt of the delegated authority.
To meet the goal of creating a safe, nurturing, inclusive and accepting learning and teaching environment, the Peel District School Board supports the use of early, ongoing and proactive positive and restorative practices, as well as learning consequences for inappropriate behaviour, including progressive discipline, which includes suspension and expulsion, where necessary, consistent with Ministry of Education direction and PPM 145. The Board considers unacceptable: bullying, sexual assault, incidents based on homophobia, transphobia, biphobia, gender-based violence, and harassment on the basis of race, place of origin, ethnicity, language, ancestry, colour, creed, religion, gender, gender identity, gender expression, sexual orientation, size, strength, age, peer group power, socioeconomic status, family circumstances, ability, intelligence, receipt of special education or any other similar factor and/or any other immutable characteristic or ground protected by the Ontario Human Rights Code, as well as all inappropriate behaviours outlined in the Code of Conduct. All inappropriate behaviour, including bullying, must be addressed. The Board supports the use of positive practices to prevent such behaviour and authorizes principals, or their delegates, to impose consequences in appropriate circumstances, up to and including a referral to the Discipline Committee of the Board for expulsion from all schools.

In all cases where consequences might be imposed, teachers, administrators and the Peel District School Board will recognize the diversity, cultural and special education needs of all individuals involved and shall take into account the individual student, the nature and severity of the behaviour, the safety and dignity of all students, the impact on school climate, and the circumstances, including any mitigating or other factors, as outlined in the Safe and Accepting Schools procedures and consistent with Ontario Regulation 472/07. Information in the student’s Individual Education Plan (IEP) must be considered in the determination of interventions, supports and consequences for students with special education needs. Before applying disciplinary measures, the principal/designate and/or the Discipline Committee of the Board shall consider whether there is an adverse impact of a disciplinary decision on pupils protected by the Ontario Human Rights Code, including but not limited to race and disability, and whether or not accommodation is required.

This policy authorizes the use of progressive discipline practices. A progressive discipline approach builds skills for healthy relationships and promotes positive student behaviour through strategies that include a continuum of prevention programs and early and ongoing interventions and supports, reporting serious student incidents, and responding to incidents of inappropriate and disrespectful behaviour when they occur, with opportunities for students to continue their education. When inappropriate behaviour occurs, progressive discipline measures should be applied within a framework that shifts to focus from one that is purely punitive to one that is restorative and supports the student to learn from their mistakes and make better decisions in the future. All schools must develop and implement a school-wide progressive discipline plan consistent with PPM 145 and the policies and procedures of the Board.

The Peel District School Board does not support the use of exclusion of students pursuant to section 265(1)(m) of the Education Act as a means of discipline but recognizes that to maintain the physical and/or mental well-being of students in a class or in the school, exclusion of a student may be necessary. In such a case the exclusion will be communicated to the parent/guardian or adult student in accordance with Peel District School Board procedures, including the right to appeal the exclusion to the Trustees of the Peel District School Board, as set out in Peel District School Board procedures.
The Peel District School Board also supports the use of suspension and expulsion when a student has committed one or more of the infractions outlined in the Safe and Accepting Schools procedures on Peel District School Board property, in virtual learning environments, on school buses, at a school-related activity or event, in before- and after-school programs, and/or in circumstances where the infraction will have a negative impact on the school climate.

The Peel District School Board is committed to providing suspended and expelled students with an opportunity to continue their education by providing an educational supports and/or program, consistent with PPM 141 and PPM 142, and the support that these students need to meet their learning objectives.

The Peel District School Board supports the application and enforcement of the Code of Conduct, Standards of Behaviour and Student Expectations for suspended and expelled students participating in an alternative program consistent with PPM 141 and PPM 142.

C. BULLYING PREVENTION AND INTERVENTION

The Peel District School Board is committed to providing a safe, nurturing, welcoming, respectful, inclusive and accepting climate for learning and working, where all members of the school community are treated with respect and dignity, and where healthy relationships are encouraged, and diversity is valued.

The Peel District School Board recognizes that:

- Bullying adversely affects a student’s well-being and ability to learn.

Bullying is not acceptable on Peel District School Board property, school buses, at school-related activities, in virtual learning environments, through electronic media (cyber-bullying), or in any other circumstances where engaging in bullying will have a negative impact on the school climate.

As part of School Success Planning, schools are required to:

- share school climate survey results with their Climate for Learning and Working Action Team,
- create a Bullying Prevention and Intervention Plan addressing issues identified through the School Climate Survey, and
- make the Bullying Prevention and Intervention Plan available to the public by posting it on the school’s website.
