### More about Mississauga:

Mississauga Secondary School offers a full range of courses addressing the needs of all students, whether their destination is the workplace, an apprenticeship, college or university. The curriculum optimizes successful pathways to multiple destinations after secondary school. The variety of courses offered serves the diverse needs of all learners, supporting student retention until goals are realized.

Our staff is dedicated to student success and are part of a nurturing, caring learning environment. Staff focuses on the development of the whole student, supporting all students to realize their full potential as young adults. With our focus on health and wellness, through our Explore High Skills program (grade 9 and 10) and Specialist High Skills Major program (grade 11 and 12), we not only prepare students academically but as individuals who choose a healthy active lifestyle.

In addition to these programs, we also run the *Peel Region High Performers Program*. This program is for students with demanding practice, competition, rehearsal and/or performance schedules that require them to be out of school during regular school hours.

Mississauga Secondary is a place where students want to be. They are engaged in their learning and want to come to school. A wide range of extracurricular activities are available and accessible to all students. Participation in extracurricular programs is strongly encouraged.

The latest technology is made accessible for both students and teachers so that learning and teaching are enriched.

Character education is an important component in all of the courses taught and is embedded in the school's code of conduct. All staff and students are encouraged to embrace a culture of PRIDE.

## SPECIALIST HIGH SKILLS MAJOR (SHSM)

### HEALTH AND WELLNESS

The Health and Wellness SHSM program at Mississauga Secondary School is a specialized program that builds a foundation of sector-focused knowledge and skills before graduating and entering apprenticeship training, college, university, or the workplace. It incorporates the disciplines of Health and Physical Education, Science, Math, English, Social Sciences and Humanities, and Co-op in the customizing of a secondary school education to help students focus on a career path in the health and wellness sector. The program provides exciting opportunities for students to gain valuable industry-recognized skills, career-relevant training, sector specific training and certifications, experiential learning, and reach-ahead opportunities that relate to the chosen post-secondary pathways at colleges, universities, apprenticeships, and the workplace. Students who complete this Ministry of Education approved program earn the SHSM red seal on their high school diploma.

In order to complete this SHSM in Health and Wellness, students must:

1. Complete a bundle of 9 specific courses (see chart below);
2. Complete Sector Certifications and/or training programs;
3. Participate in experiential learning and career exploration activities within the sector (e.g., workshops, guest speakers, career forums, job shadowing, job twinning);
4. Gain "Reach Ahead" experiences connected to the student's post-secondary plans (e.g., college and university tours).
5. Complete a Sector-Partnered Experience (SPE) in one of 3 areas: Coding; Innovation, Creativity & Entrepreneurship (ICE); or Mathematics.
